This Week's Speaker

Eric Levitan, Founder & CEO of Vivo

Join us this Friday at LeMeridien to welcome Eric Levitan, Founder and CEO of Vivo, a team of specialists in exercise, science and nutrition who are dedicated to helping people on their fitness journey. Eric's team is passionate about improving the lives of older adults and changing the narrative around what aging looks like.

Eric left corporate America after more than 25 years of working in technology and running software companies to try to positively impact people's lives and make a difference in the world. As he witnessed the decline in quality of life of his own parents as they were getting older, he realized he wanted to better understand the aging process and help them. This is at the heart of why he started Vivo - to create awareness and a safe, engaging, and impactful program to guide older adults to a better life. Eric is also a mentor for the Atlanta Tech Village and a graduate of Duke University. He and his family reside in Sandy Springs, Georgia.

Our Year-End Celebration Takes Place Next Thursday, June 15

Tomorrow (June 8) is the last date to let us know you'll be joining us at our year-end celebration next Thursday at the Dunwoody Country Club. We'll be celebrating all we've accomplished during Jennifer's year, and welcoming Jack Sparks and his corps of officers and directors for the next Rotary year. We'll honor some special Rotarians and most of all, we'll have a chance to enjoy each other's company while having a cocktail and appetizers.

If you haven't already, let Louise Barden know you are coming and whether you are bringing a guest. Festivities start at 5:30 pm.
