Planting for Malachi's Storehouse

Over the weekend Kobelah Bennah volunteered in the garden of Malachi’s Storehouse. He had a lot of fun clearing several beds and preparing them for fall planting in hopes of producing fresh and wholesome food.

More info on Malachi’s Storehouse Garden: “Located on the grounds of Malachi’s Storehouse, we have an organic garden that is planted, tended and harvested by and for our clients. Seasonal produce is grown and clients are encouraged to help with the garden. This provides children and adults a hand’s on educational experience and an opportunity to access fresh produce.” - Malachi’s Storehouse

Yesterday, the World Health Organization announced that the African Region including Nigeria has been CERTIFIED as a Polio Free Region. Nigeria did not report any wild polio Virus Cases in the last four years, resulting in the region declared/Certified as polio free. This takes us a step forward in Rotary's 30+ year initiative to End Polio Now.

Our club has supported this initiative - with $172,625 in total giving to polio eradication through June 30, 2020. And several of our members - Roy Wise, Laura Kann, Robert and Charlene Hall - have personally given the polio vaccine to hundreds of children in India.

This is just one of the many ways that The Rotary Foundation helps us to make a difference in the world. To learn more about how to give to The Rotary Foundation, contact PDG Bill Mulkey or President Ardy.
